"If you were a warrior cat..."

"which Clan would you belong to?"

—

Welcome to "If You Were A Warrior Cat", a simple, easy-to-understand game that you're bound to like.

I'll simply ask a question, and all you'll have to do is answer, just like I'll answer. It's simple really, and if you still don't understand (since I am pretty horrible at detailed instructions that make sense) all you have to do is wait for the first question to come out.

This will be updated every day at no specific time.

I hope you enjoy. :) Thank you for taking the time to read this.

What Clan Would You Belong To?

I F Y O U W E R E A
W A R R I O R C A T . . .

what Clan would you belong to?

[ThunderClan, WindClan, ShadowClan, RiverClan, SkyClan]

—

If I had to belong to a Clan, it would probably be SkyClan. Ever since I read Firestar's Quest, SkyClan's Destiny, and Cloudstar's Journey, I've been in love with the Clan.

First of all, resurrecting a fallen Clan that had no hope of coming back together? That's amazing! And Leafstar, Sharpclaw, and Echosong are some of my favorite Warriors characters anyway, so that's what makes it all the better.

And no, I don't just love SkyClan because Firestar and Sandstorm brought them back together and were from ThunderClan. No, I love them because I would love to live in the gorge and be able to have our own territory that we wouldn't have to worry too much about (aka wouldn't have to worry about other Clans trying to attack our camp or take over our territory). Even though I'd have to worry about kittypets, loners, and rogues, it would still be amazing to be in SkyClan.

And Hawkwing's Journey just sounds amazing anyway. Woot woot!

What Rank Would You Have?

I F Y O U W E R E A
W A R R I O R C A T . . .

what rank would you have?

[kit, apprentice, medicine cat apprentice, warrior, medicine cat, deputy, leader, elder, queen]

—

If I had a rank, it would probably be a warrior or medicine cat. Although, being a medicine cat means I could not have a mate or kits, which is something I wouldn't be too fond of. I'm not a good leader, as I'm way too controlling. I couldn't be a deputy, since I have way too much anxiety and would feel like I had to make everyone happy and be perfect all the time. I wouldn't really want to be a medicine cat because I'm not good at looking at open wounds/tons of blood, and I wouldn't get to have a mate or kits. I couldn't be a queen because I'd be a tom. I wouldn't be a kit because I couldn't have any freedom, same with an apprentice. So a warrior suits me.

—

What would rank would
***Y O U* have?**

What Would Your Gender Be?

I F Y O U W E R E A
W A R R I O R C A T . . .

what would your gender be?

[tom, she-cat, and those who have yet to make up their minds]

—

I would personally be a tom, and even if I'm not a male in real life, I am a lot better in controlling tom-cats. I don't really know why, but almost every single one of my main characters have been males (with a few exceptions, like my dragon Paint, Gorseflower, another one of my characters Icepaw) so I guess I've just had practice?? I dunno.

So yeah, I would be a tom in the warriors world.

—

What gender would *Y O U* be?

What Would Your Name Be?

I F Y O U W E R E A
W A R R I O R C A T . . .

what would your name be?

[Anything realistic.]

—

My name would probably be Cougarflame, a roleplay character I've had for a while now, or Flintmask. I love the suffix '-mask', so probably one of those!

—

What name would *Y O U* have?

What Would You Look Like?

I F Y O U W E R E A
W A R R I O R C A T . . .

what would you look like ?

[Anything realistic.]

—

I would probably be a white cat with green eyes. I absolutely love white cats with green eyes. *cough* Moth Flight *cough*.

—

What would *Y O U* look like?

If You Had A Book About You, What Would It Be Called?

IF YOU WERE A WARRIOR CAT...

if you had the chance to have a book made about you, what would it be called?

[Anything.]

—

It would probably be called "Flaming Shadows" or something like that, based on Cougarflame.

—

What book name would *YOU* have after yourself?

Who Would Your Family Be?

IF YOU WERE A WARRIOR CAT...

who would your family be?

[Anyone.]

—

My family would be:

Father — Fallingsnow (alive)

Mother — Lilacpelt (alive)

Brothers — Forestrain (deceased), Brownwhisker (alive)

Sister — Gingerpatch (alive)

Mate — Iceblossom (alive)

Daughters — Brookrain (alive), Nettlefern (alive)

Son — Ryepaw (alive)

—

*What family would **Y O U** have?*

What Would A Prophecy/Omen About You Be And What Would It Mean?

I F Y O U W E R E A
W A R R I O R C A T . . .

what would a prophecy/omen about you be? what would it mean?

[Anything.]

—

An omen about Cougarflame (aka me) would probable be flames meeting with rain, and then snow falling from the sky or something. It would mean that Cougarpaw(Cougarflame) needed to stop loving Bluepaw(Bluesky) since she wasn't a good cat. The snow showed the future that he would become mates with Iceblossom.

—

What omen/prophecy
*would **Y O U***
have?

What Would A Book About You Be About?

I F Y O U W E R E A
W A R R I O R C A T . . .

what would a book about you be about?

[Anything.]

—

If I had a book about me (Cougarflame) it would just be about his life really. How he receives an omen in a dream (check the last part), how he has to make himself stop loving Bluepaw(sky) since she is a very bad influence and is a bad cat. Then he meets Icepaw and when the two become warriors (Cougarflame and Iceblossom) they become mates and have three kits. Then Bluesky gets jealous, becomes blinded by sadness and becomes an even worse cat, starts killing, then Cougarflame almost kills her but drives her out before she dies and tells her to never return. She never does and they live happily ever after.

Not too interesting, but he's just a Minecraft roleplay character :P

Would You Have An Apprentice?

IF YOU WERE A WARRIOR CAT...

would you have an apprentice ?

—

Sure. Why not? Having an apprentice might be a little bit of work, but it would feel good to pass on a valuable warrior of the Clan. So yes, I would have an apprentice.

What Book/Series Would You Be Born In?

IF YOU WERE A WARRIOR CAT...

w hat book/series of the original Warriors books would you be born into ?

—

Probably SkyClan's Destiny. I've always loved SkyClan. If not SkyClan's Destiny, probably Rising Storm (from the first series) so I would get to be old enough to see BloodClan and Scourge :3.

—

What series/book would ***YOU*** *be born into?*

What Would Your Personality Be?

IF YOU WERE A WARRIOR CAT...

what would your personality be?

—

Kind, sweet, sometimes sarcastic, loves his family, *VERY* stubborn, although he can sometimes do things without thinking about it first. He's playful like an apprentice, and is often glowered upon from other cats for being "annoying", but he doesn't really care.

—

What personality would
YOU *have?*

Which Cat Would You Be (Out Of The Listed)?

IF YOU WERE A WARRIOR CAT...

what cat would you be out of the listed for she-cats and toms if you could only choose one from each list?

[You can pick one out of each list if you'd like.]

—

For toms:
— Alderpaw (Thunder)
— Kestrelflight (Wind)
— Stonefur (River)
— Raggedstar (Shadow)
— Bouncefire (Sky)

For she-cats:
— Sparkpaw (Thunder)
— Nightcloud (Wind)
— Graypool (River)
— Russetfur (Shadow)
— Echosong (Sky)

For a tom I'd choose Alderpaw since I can relate to the little guy, and for she-cats I would choose Echosong, cause she's the most amazing medicine cat in history besides Yellerfang.

—

What cat would ***YOU*** *be?*

What Non-canon Clan Would You Live In?

I F Y O U W E R E A
W A R R I O R C A T . . .

what made up Clan would you live in if you were forced to choose?

[You can pick only one.]

—

EMBERCLAN — near a volcano, rocky grounds underpaw, these cats are adapted to their environment. Camp is underground in a hidden tunnel by thickets. The volcano is not active, and hasn't been for nearly two centuries in human years. Variation of pelts.

FREEZECLAN — camp is in a forest that snows a lot. Frozen caves are nearby. A frozen-up river runs over the territory, and hardly ever melts. Light pelts, like white, silver, pale colors, light gray, etc. Some exceptions, of course.

BOLTCLAN — lives in a grassy moor with a camp that rises up above the ground like a plateau, but much smaller. Kind of like the old WindClan camp. A mountain is nearby but the cats never travel there. It rains a lot and the cats take cover in hard clay dens that protect them from any lightning. Variation of pelt colors.

BROOKCLAN — camp is located underwater. Cats swim a few fox-lengths under the surface, find a well-hidden cave, swim inside, rise up and arrive on some land and can breathe. The camp is large and has rocky dens. There is stone underpaw. Variation of pelt colors; mainly sleek-furred cats.

MURKCLAN — in a large swamp and camp is located inside a large cave. There are many vines in their camp and lichen covers the entrance to the cave. Variation of pelt colors, mainly long-furred

cats.

I'd live in BrookClan probably. I love swimming and it would be a safe place to live anyway.

***Y O U** be in?*

What Tragedies Would Occur In Your Life?

IF YOU WERE A WARRIOR CAT...

what tragedies would occur in your life?

—

The tragedies in "my" life, or Cougarflame's, would be having to make himself stop loving a cat named Bluepaw, lose his sister in a battle against another Clan, and have to nearly kill Bluesky(Bluepaw) after she becomes ruthless and tries to murder he and Iceblossom (his mate). That's really it tho.

—

What tragedies would happen to *Y O U* ?

Would You Be a Loner, Kittypet, or Rogue?

IF YOU WERE A WARRIOR CAT...

and you had to choose to be a loner, rogue, or kittypet, which one would you choose ?

—

Probably a loner. Loners are cool. *cough* Ravenpaw *cough*

—

What would ***Y O U*** choose?

What Pelt Design Would You Choose?

I F Y O U W E R E A
W A R R I O R C A T . . .

and you had to choose one of the listed pelt designs, which one would you pick ?

[One pelt design only.]

—

1) black dappled cat with gray swirls on their head and pelt and white socks. Honey–amber eyes.

2) leopard-like spotted cat with white ear-tips, a white tail-tip, white socks, a white muzzle, chest, and underbelly, white and tan tabby markings, and green eyes.

3) gray tabby with black tabby stripes with a black muzzle and a thick black stripe running from their muzzle to their tail-tip. Bushy tail and amber eyes.

4) silver cat with white tabby stripes and white feathery streaks in their fur. Black socks and green eyes.

5) brown tabby with a slick tail, a white chest and underbelly, white ear-tips, and white socks that rise up to their ankles. White streaks in their fur and a white tail. Blue eyes.

6) russet-furred cat with a brown underbelly, a brown muzzle, and a furry tail. Poofy fur and amber eyes.

7) white cat with silver tabby markings and stripes and a slick, short tail. Lean legs and pale gray tabby markings as well. Black underbelly and tail-tip. Yellow eyes.

I'd pick 6. ;)

W A R R I O R C A T . . .

—

Heights. Definitely heights. Oh, and the dark. Oh, and Twolegs. Oh, and monsters. Also probably being blamed for something I didn't do . . . losing loved ones would be a fear.

Idea From: @SweetLeaf3388

I F Y O U W E R E A
W A R R I O R C A T . . .

and you died, who would escort you to StarClan? Or if you were a villain, who would lead you deep into the Dark Forest?

—

Hmm...probably my mother. Cougarflame would have a close relationship with her, and when he dies she would escort him to StarClan.

What Fanfiction Book/Series Would You Want To Born In (That's Not Your Own)?

Idea From: Heatherstorm

I F Y O U W E R E A W A R R I O R C A T . . .

What Is Your Best Skill?

IF YOU WERE A WARRIOR CAT...

what would be your best skill?
[hunting, fighting, tree-climbing, bird-catching, fishing, tunneling, healing, etc]

—

Cougarflame is best at hunting. He isn't good at bird-catching and tree-climbing because he is terrified of heights. Everything else he's okay at, but most notably exceptional at hunting.

IDEAS

Yo guys, anyone have any more ideas for this book? I'll make sure you're credited if I use your idea!

What Would Your Kits Be Like?

IF YOU WERE A WARRIOR CAT...

and had kits, how many would you have? what would their appearances be? what are their personalities and names?

—

I've thought about this a few times. Cougarflame would have four kits— three toms, one she-cat.

Lotuskit
Pure white she-cat with shaggy fur and icy blue eyes

Personality:
Lotuskit is a headstrong, blunt little one that doesn't mind arguing with others and getting in fights. She can be stuck-up at times and believes she knows everything best, and often makes fun of her brothers. She'd be best classified as a "mean girl."

Geckokit
White tom with brown tabby splotches covering his fur. He has soft blue eyes and a black nose

Personality:
Geckokit is the quietest of the group. He's very shy and doesn't talk very much. He's a total introvert. The little guy is always watching and calculating, so don't underestimate him because of his lack of words. When he does open up, Geckokit is very kind and caring towards all, and enjoys sitting in peace — alone or with a friend to do so is suitable.

Cocoakit
Dark brown tom with black flecks and green eyes

Personality:

Cocoakit is... interesting. He talks a little too much about odd things for a kit to understand — death, the meaning of life, medicines, deeper understandings of Clanmates. It seems he's far too intelligent for his age. Cocoakit also has developed tics, both motor and vocal. He enjoys plucking the feathers off of birds and giving it to a warrior each night. The reason? Who knows. Only he does...

Viperkit

Pale tan tabby tom with white markings and bright green eyes.

Personality:

Viperkit has a tongue that could scorch the bark off of trees. He absolutely adores confrontation which often get him in fights with his sister, Lotuskit. He loves the idea of being a warrior and has been seen making fun of his brothers. "One doesn't speak, and one speaks too much. Ugh. Can't I have someone *fun* to play with?" This means he's pretty much stuck to Lotuskit's hip. Despite fighting, they protect each other and are basically best friends, and always will be.

What Would Your Favorite Food Be?

IF YOU WERE A WARRIOR CAT...

what would your favorite food be? finch? mice? rabbit? fish? kittypet food? it could be anything!

—

Cougarflame's favorite are voles, but he'll eat pretty much anything.

—

*What would **YOUR** favorite food be ?*

Who Would Your Mate Be?

IF YOU WERE A WARRIOR CAT...

who would your mate be? why? what is your history?

—

Cougarflame's mate is Iceblossom! They originally bonded as apprentices, and after a prophecy was sent Cougarflame realized he loved Iceblossom more than he did Bluestrike.

Iceblossom is kind, caring, and sassy. He really likes that about her and eventually had children with her! They have a very close bond that can't ever be broken.

—

Who would ***YOUR*** *mate be?*

—

• Sorry it's been such a long while since I updated this! I plan to maybe get back to it, but for now I wanted to advertise my new roleplay, *Elementals*. If anyone's interested in roleplaying cats with powers, head on over and check the book out!

Also, if you have any ideas for future questions, please tell me! I'll make sure to credit you if your question is used.

Thanks so much! •
